Claims 1-76 meet the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest a method and system having an autoclaveable automatic non-electrically-driven container positioner and encountering no Class 100 contaminant generators upstream, as claimed.

Claims 1-76 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed can be made or used in industry.
